### **Key to headsign types:**

**7-inch** – Newer Luminator, Vultron or Twin Vision signs on buses purchased since 1987. All codes from the 3 sign manufacturers are the same, except when there are two codes separated with a slash (“/”). In these instances, the first code is for newer Luminator and Twin Vision signs. The second code after the slash (“/”) is found on 7-inch Vultron signs on TMC-RTS coaches 1970-1999, 2000-2266, and 2300-2402.

**4-inch** – Older Vultron Transdot signs found on GMC-RTS 4400-series coaches. Note that some destinations are not available for these signs.

**The following readings over the next several pages are provided for reference only. Instructions for their use would come from a Transit Operations Supervisor, Instructor or the Radio Dispatcher.**

New buses with 7-inch Luminator and Twin Vision signs are equipped with the capability of displaying public relations (P/R) messages in addition to regular destination sign readings.

The code numbers for these messages are listed below. The P/R messages should only be displayed when instructed by:

1. Notices posted on the division bulletin board by the Division Instructors.
2. An Operations General Notice or Temporary letter (Pink Letter), or
3. A Transit Operations Supervisor, Instructor or Radio Dispatcher.

The instructions will indicate when to display the message if it is determined that the P/R message should not be displayed on all trips nor at all times.

The messages can be displayed on the Headsign using the following procedure:

1. Press the "P/R" button
2. Enter Desired Code Number
3. Press enter

To cancel a P/R message, repeat procedure but substitute "0" for code number.

**PR messages do not display the Route next to the message.**
