Key to headsign types:

7-inch – Newer Luminator, Vultron or Twin Vision signs on buses purchased since 1987. All codes from the 3 sign manufacturers are the same, except when there are two codes separated with a slash (“/”). In these instances, the first code is for newer Luminator and Twin Vision signs. The second code after the slash (“/”) is found on 7-inch Vultron signs on TMC-RTS coaches 1970-1999, 2000-2266, and 2300-2402.

4-inch – Older Vultron Transdot signs found on GMC-RTS 4400-series coaches. Note that some destinations are not available for these signs.

The following readings over the next several pages are provided for reference only. Instructions for their use would come from a Transit Operations Supervisor, Instructor or the Radio Dispatcher.

Public Relation Signs

New buses with 7-inch Luminator and Twin Vision signs are equipped with the capability of displaying public relations (P/R) messages in addition to regular destination sign readings.

The code numbers for these messages are listed below. The P/R messages should only be displayed when instructed by:

1. Notices posted on the division bulletin board by the Division Instructors.
2. An Operations General Notice or Temporary letter (Pink Letter), or
3. A Transit Operations Supervisor, Instructor or Radio Dispatcher.

The instructions will indicate when to display the message if it is determined that the P/R message should not be displayed on all trips nor at all times.

The messages can be displayed on the Headsign using the following procedure:

1. Press the "P/R" button
2. Enter Desired Code Number
3. Press enter

To cancel a P/R message, repeat procedure but substitute "0" for code number.

PR messages do not display the Route next to the message.
